What can the Kotak Stock Trader do for you?

The Kotak Stock Trader app allows you to trade Equities, Futures & Options (F&O), Currency F&O and Commodity, track your portfolio, get live streaming market updates and stock quotes, keep a watch on our research calls, and much more.

As our online trading customer, you can access every value-added feature on our mobile trading app absolutely free.

Benefits of Kotak Stock Trader

Our mobile trading app empowers you to tap and trade seamlessly, wherever you go.

High level of security ensures that all your account and trading data is absolutely safe.

Never miss an opportunity to buy or sell, with real-time stock market updates on the go.

Keep a tab on all your investments, without logging into your computer or going through physical statements.

Easily modify or cancel trades even when you are not near a trading terminal.

Trading App Features for Seamless Stock Trading

	Tap and Trade online: Buy and sell shares, cancel and modify orders on BSE and NSE while on the go. Set your stop-loss price and trigger price through our mobile trading apps.
	Tap and Track your portfolio in real-time: Check your current holdings and positions by simply tapping your mobile.
	Get live-streaming stock market data: Get live quotes, buy and sell calls, intraday charts, track market movements by the minute, get updates on indices right on your mobile phone screen. Through our mobile trading app, you can view intraday and end of day movements for any scrips across exchanges in the form of candlestick charts, line charts or OHLC charts.
	Create Watchlists: Track the scrips of your choice by creating personalized watchlists. You can also access the default watchlists as well as track 'My Investments' and 'My Positions' on our mobile trading app.
	Transfer Funds: Move funds between your bank account and online trading account easily. You can even transfer funds from your bank account into your mutual fund account via the Kotak Stock Trader app.
	Check Margin: Check available funds and total margin in your account by clicking on 'Available Funds'. You can also pledge shares to use them as margin for trading.
	Enjoy multi-level security for your trades and data: We're very serious about the safety of your trades and data. The Kotak Stock Trader is safeguarded with two levels of passwords and uses the highest level of encryption to make sure that your trading experience is hassle-free and your personal data is absolutely safe.
	Get notified for upgrades: We're constantly enhancing our mobile trading app to make your trading experience richer. Stay notified, every time we have an upgrade for you.
